

Atlanta, Georgia

Description: In 1997-98, we prepared a specific facility program for a major expansion to the High Museum of Art.

The floor plan of the Lower Level is a complex layout with several distinct areas. At the top, a ramp labeled 'RAMP UP' leads to the 'PARKING GARAGE'. The main entrance area includes a 'LOBBY' and a 'RECEPTION' area. To the left is the 'FAMILY ACTIVITY AREA' and the 'CULTURAL HALL'. The central part of the plan features several 'STAFF OFFICE' rooms and an 'EDUCATION STAFF OFFICE'. To the right is a 'THEATER' area with a 'MEAN' (likely a mezzanine or media area) and a 'LOBBY'. The plan also shows various restrooms, including 'MEN', 'WOMEN', and 'UNID.' (unisex). A 'LOBBY' area is also indicated near the entrance. The plan is color-coded: green for staff offices, blue for education staff office, yellow for family activity area, and orange for the theater area. Red areas represent restrooms. The plan is labeled 'LOWER LEVEL' at the bottom right.
